

# Stories, Art and Computers around the World With Mrs. Morell for Grades 1-2-3

Join Mrs. Morell one afternoon a week for after school fun in the LS Computer Mini-Lab! With an eye toward our International Night, we'll use a series of children's story from around the globe as a starting points, then use *Pixie, Comic Life* or web-based program to create our own masterpieces. The class will meet Tuesday afternoons from 3:00-4:15. Cost is \$100 for a nine-week session (2/7 to 4/3).

Limit 14 students. Please return the form below with a check to the school office, to be placed in Mrs. Morell's mailbox. First come, first serve!
